

Press release

**E&L by LUNDQVIST** change direction; In addition to the well-known accessories flowers sold throughout Scandinavia, the collection has been expanded over the past few years with a larger collection of corsets. The collection includes both small "ready to wear" waspies and custom-made corsets.

The corsets are produced in both classic cotton coutil from England, in beautiful linen fabrics and in thick satin. You can choose from many beautiful colors.

In front the corsets have either a classic busk closing, a zipper, buckles or it is laced but common to all of them is that they are laced in the back.

The corsets emphasize the female shape and can both be worn on the outside of the clothes as underneath.

The corset collection is sold to the whole world, mainly from the web-shop.

**E&L by LUNDQVIST** celebrates the independent woman who is not afraid to stand out from the crowd.
